

# Jr. Architectural Technologist

---

**JOB TYPE** | Permanent, Full-Time

**LOCATION** | Blackfalds, Alberta

**DIVISION** | Office

**START DATE** | As soon as possible

Aggregate Design Studio is a team of designers based in Blackfalds, Alberta, specializing in innovative designs for clients, owners and contracts across multiple industries. Operating as a design studio under the direct supervision of registered architects, we bring creativity and precision to every project, with a strong focus on precast concrete construction.

## Position Summary

---

Are you an emerging architectural technologist ready to take the design world by storm?

Aggregate Design Studio, located in Blackfalds, Alberta, is seeking a full-time **Jr. Architectural Technologist** to join their team.

You'll have the opportunity to showcase your creativity and contribute to a wide range of projects. Working primarily with precast concrete construction, including commercial, industrial, agricultural, and multi-residential buildings, you'll collaborate closely with a supportive team of professionals. Utilize industry-leading software like Revit, SketchUp, and Enscape to bring your innovative ideas to life. If you're ready to thrive in a fast-paced environment and deliver precise and high-quality work, don't miss this exciting opportunity. Apply today and make your mark in the world of design.

## Job Description

---

- Creation of design drawings from preliminary to construction stages
- Creation of 3D renderings accurately reflecting design criteria and client requests
- Analyzation of building codes, by-law information, space requirements, site requirements, and other technical documents
- Preparation of drawings from conceptual sketches and instructions
- Coordination with Project Leads at each stage of a project's development
- Coordination with various engineer and consultant teams to deliver complete drawing packages
- Preparation of design presentations for client approval. These presentations will contain a mix of drawings and 3D renderings
- Attending meetings with clients and consultants as required for each project and document meeting notes that accurately reflect decisions and direction arising from a discussion
- Adhere to all company policies and procedures

## Requirements

---

- Architectural Technology diploma or equivalent
- Availability Monday-Friday, occasional Saturday
- Minimum of 40 hours per week, must be flexible and willing to work overtime
- Proficiency in Revit, SketchUp, and Microsoft Office
- Strong 3D rendering skills for presentations
- Knowledge of Alberta Building Code/British Columbia Building Code/National Building Code
- Effective verbal and written communication skills
- **Local or willing to relocate to Central Alberta**

## Assets

---

- Experience in designing commercial, industrial, office, agricultural, and multi-residential projects
- Experience with rendering in Enscape
- Related experience in the construction industry
- An understanding of precast concrete construction
- Valid Class 5 driver's license and reliable transportation

## Why join Aggregate Design Studio?

---

- **Professional Growth:** Access to personality and behavior assessments to optimize individual and team success.
- **Comprehensive Benefits:** 6% vacation pay, statutory holiday pay, extensive health coverage and wellness support.
- **Work-Life Integration:** At Aggregate Design Studio, family is at the heart of everything we do. That's why we guarantee Sundays off, and employees are typically home to spend weekends with their family.
- **Additional Perks:** Clothing program, meal program, employee appreciation events, and training roadmaps tailored to your career development.
- **Comprehensive Compensation:** Competitive hourly wages based on experience and skillset with evaluations at three months, as well as annually, to recognize and reward contributions.

**Join a company where innovation meets collaboration, and every team member is valued. Be part of a journey that transforms careers and builds lasting success.**
