

B-PRESSURE VESSEL WELDER JOB POSTING

Summary:

EnVision Manufacturing & Supply Ltd. is seeking a full-time B-Pressure Vessel Welder to join our team! We have a welder who is retiring in the near future. This is a shop position, Monday to Friday, no evenings or weekends required. Our company is committed to a work life balance approach.

Responsibilities and Duties:

- Weld pressure equipment (pressure vessels and piping, occasionally some structural) in accordance with the respective ASME codes, WPS, and QC Manual
- Read and follow fabrication drawings
- Inform Project Manager and/or QC Manager or any issues or concerns with material, quality, print discrepancy, etc.

Qualifications and Skills:

- Working knowledge of fabrication, manufacturing, and construction
- Proficient knowledge of industry best practices
- Proven ability to produce high quality work while facing competing priorities and strict deadlines
- Ability to prioritize activities, adapt to change, and stay focused in a dynamic environment.
- Strong time management and organizational skills
- Ability to communicate thoughts and ideas clearly, directly, honestly, and with respect for others

Education and Training:

- Journeyman Welder Certificate
- B-Pressure Welder Ticket
- Ability to weld any of the following processes: SMAW, GMAW, and FCAW
- CWB Certified

Salary and Benefits:

- Permanent, full-time, minimum 40 hours/week, Monday to Friday
 - NOTE: Typically, 10 hours a day for 5 days a week, 40 hours regular pay and 10 hours overtime
- Salary: Range \$85k to \$110k (dependent upon experience)
- Profit Sharing twice a year
- Dental care / Extended health care
- Disability Insurance / Life Insurance
- Clothing & Tool Allowance
- Health Spending Account
- Fast-paced, fun, and collaborative environment
